

Celebrating our Achievements

Oh how wonderful it is to take the time and make a list of our achievements!
Sharing this excitement with others is even more wonderful.

I kicked this event off in 2010 and we are now celebrating our 3rd year.

During this evening you will see the magic you have created and the challenges you have overcome. We will also support you in creating your new goals for the coming year.

Come and join us in this sensational moment. You will leave on another planet!

This is a free event and a wonderful opportunity for you to get re-energized and ready for the holiday season. Come as you are bringing your favorite dish to share with the others.
